

Concept Overdrive Price List (domestic)
2nd Quarter 2018, all prices USD

Overdrive Systems

System Kit for Motion Control / Robotics	18600	System Kit - Laptop	18600
System Kit for Visual Effects +Ethernet Module	21500	Nano Playback Unit (no peripherals)	4500
Hot-Spare computer (7 day license)	9300	System Rental 400/day, 1500/week, 3500/month	
Embedded System Kit (Chip/Stack-EC, CAN)	9300	ONEx4 Controller (4-channel)	10000

** 30% discount off of System Kits in 'Cooperative Development' program*

System Kits are functional OEM control systems, but a quote is necessary to identify all needed peripherals.

System Kit (rackmount) includes: Control Station w/ 64chan analog input+cable, Overdrive software, 19" Rack mount chassis 3U, 1 Stack-EC or 1 Chip-EC, 2 Fiber transceivers, 1 Fiber, EC power supply, keyboard, mouse, Documentation & boot disks. Laptops contain some used components. Playback units available only with full system purchase. Embedded Kits for 'headless' applications only. Assembly, wiring, enclosures, joysticks, monitor not included.

Hardware

Analog output card for StackEC (16 ch, 12 bit)	585	Analog input card for StackEC (32 ch)	700
Analog Output for ChipEC (16bit 8ch DAC)	185	Analog output card for StackEC (16 ch, 16 bit)	600
CAN card for StackEC	385	CAN card PCI for Control Station (1ch isolated)	420
CAN card PCIE for Laptop	410	CANcoder Quadrature Encoder Board (1 ch)	200
CANSerial / SerCAN protocol converters	425	ChipEC controller (12 RCservo, CAN servos)	385
DIOD Digital Output Device microcontroller	335	DID Digital Input Device (8x12bit, 8x16bit ADC)	425
Ethernet Card for StackEC (PC104)	320	Estop Relay Board	385
Fiber w/ connectors (plastic,standard)	215	Fiber Simplex Transceiver (for Estop)	200
Fiberserial Transceiver (plastic fiber)	285	Glass Fiberserial Transceiver	285
Overdrive PC Hardware upgrade	1850	Power Supply PC104 "HE104"	320
Quadrature Card for StackEC (8 ch)	375	Signal Buffer Amp (2 chan, for Pots)	175
Mswitch MOSFET switch (PCB/prebuilt)	50/90	Stack-EC card, licensed (for EtherCAT)	1575
Signal converter boards	160	Stack-EC card, licensed (for hydraulics, motors)	1250
Step & Direction Controller "StepDir" (CAN)	425	SSI Feedback board (2chan) for StackEC	425
Transamp Valve Driver card (16 coil valves)	675	Time Code Reader "TCAN"	385
Wireless diversity modem kit (for EC comm)	1975		

Software

Chip-EC upgrade	225	EC Communication SDK (free w/ SysKit)	400
Joystick USB Driver package	450	Motion Control Plugins/Profiles	2750
Net-EC module for Ethernet streaming	1900	Overdrive Distro Upgrade	900
Overdrive Software Upgrade	2900	Overdrive Subscription Annual	925
Overdrive Transfer License	4650	Overdrive Virtual Machine	750
Plugin for Maya, MotionBuilder, TouchDesigner	2800	Plugin for Qtake	1650
Reverse-FK Motion Base Solve	6000	Show conversion Hot-folder for VFX	1150
Stack-EC software upgrade	650		

** 30% discount off of above software in 'Cooperative Development' program*

Software, plugins and profiles above are priced "per seat".
